- Weldable

Product Applications

- Building wraps
- Stadium graphics
- In-store signage
- Special effects displays
- Construction barricade graphics
- Eye-catching applications

Storage & Handling

Material should be handled with white fabric gloves to prevent finger markings. After printing, unused material should be stored upright or suspended in its original packaging. Limited one year warranty when stored at 70°F, 50% relative humidity and out of direct sunlight in its original packaging.

Installing

This product can be grommeted for indoor or outdoor banner applications. Metal grommets should be inserted to penetrate 2-4 layers of materials for increased strength and durability.

Trimming

It is recommended that when trimming this material to allow about 0.125-0.25" of white/unprinted border. It is not recommended to "bleed trim" this material.

Printer Compatibility

Compatible with most Solvent, Eco-Solvent, Latex and UV curable inkjet printers.
