

15oz Double-Sided Smooth Banner

Product Description

Duratex 15oz Double-Sided Smooth Banner is a smooth, opaque, flexible PVC banner with a polyester fabric embedded between two PVC vinyl layers with semi-knife coated construction. This water-resistant premium product drapes with ease, lays flat and delivers high opacity to block distracting back light and shadows. This product will give all images a vivid bright appearance.

Physical Properties

- Caliper: 13 mil
- Denier: 300 x 300
- Weight: 15oz/sq yd
- Coated side: Dual side
- NFPA-701 certified

Features/Benefits

- Easy finish/grommet, sewed & hem stitch capable
- Water-resistant/anti-smudge

Product Applications

- Indoor signage
- Building Signs
- Trade show displays
- Front-lit signage
- Short term outdoor signage & displays

Storage & Handling

To maintain a shelf life of one year, store materials at a temperature of 72°F with a relative humidity of 50%. Allow material to stabilize to room/printing conditions for 24 hours prior to use.

Installing

This product can be grommeted for short-term indoor banner applications. Metal grommets should be inserted to penetrate 2-4 layers of materials for increased strength and durability. Standard high tack banner tape can be used for added strength and reinforcement. Sewing the materials can scratch or pick off coating. If sewing is desired, it is recommended that the material be double stitched hem side up with a maximum of five stitches per inch. Half moon wind slits are recommended for banners that are 10 feet or larger. Corner reinforcements, professional installer and proper installation tools are strongly recommended.

Printer Compatibility

Compatible with most Solvent, Eco-Solvent, Latex and UV curable inkjet printers.
