Storage & Handling

Materials should be handled with white fabric gloves to prevent finger markings. After printing, unused materials should be stored upright or suspended in its original packaging. Limited one year warranty when stored at 70°F, 50% relative humidity and out of direct sunlight in its original packaging.

Installing

This product can be grommeted for applications. Metal grommets should be inserted to penetrate 2-4 layers of materials for increased strength and durability.

Trimming

It is recommended, when trimming this material to allow about 0.125-0.25" of white/unprinted border. It is not recommended to "bleed trim" this material.

Printer Compatibility

Compatible with most Latex and UV curable inkjet printers.
